Food

For private events we offer feasting menus served 'family style'. Big platters of delicious things radiate abundance and generosity, whilst encouraging people to engage with each other in a way that individually plated food often won't.

Considered attention to both seasonality and provenance underpin everything we cook - beautiful things cooked simply with love.

You will choose between our seasonal set menus or, if you would like to design your own meal, we offer bespoke menus where the chef will create a menu based on your preferences.
